REPORT NO.

RETURN TO CIA LIBRARY

1. Location: The Metal Zavod of ALAPAYEVSK (61°42' E/57°51' N), Sverdlovsk Oblast, is at the southern edge of the town, northwest of the railroad line to SVERDLOVSK and the Neiva River. A railroad station is about 3,000 feet north of the plant.
2. Plant Installations: Plant covers an area of about 3,000x2,000 feet. It had its own power plant and railroad facilities. The machinery was rather old and of Russian origin. For plant layout, see Annex.
3. Work Force: Three thousand Soviet laborers working three shifts and two hundred PWS working one shift (only 50 PWS since 1948).
4. Production: Steel plates of various sizes, buckets, spades, hardware, etc.

## Comment:

a. A previous report + gave information on the metal plant in ALAPAYEVSK.

b. The attached sketch corresponds with the other sketches only as regards the rolling mill buildings and the blast furnace.

c. According to the attached sketch, the large bridge of the SVERDLOVSK railroad line is somewhat east of the plant. It is assumed that Sketch No 1 of previous report ++ was correct.

d. Additional information is required for final clarification of the plant layout and some other additional details.
